Conditions

Course Description

This course exposes students to tools and process that support professional continuous improvement. This course builds the foundations for professional habits and methodologies that help graduates remain current and relevant in an ever-evolving profession.

Rationale

Under Development

Learning Outcomes

In keeping with NSCC's approach to portfolio learning, learners will have demonstrated the ability to:

1. Identify tools and techniques to support continuous professional improvement.
2. Investigate the Information Technology Industries in relation to professional expectations, service models and personal suitability.
3. Communicate information using established professional processes and templates as required by the IT industry.

Grading

The pass for this course is 60%

Not Applicable

Other Course Notes

It is the responsibility of the student to review and understand all Nova Scotia Community College policies, most specifically the Student Community Standards, Academic Integrity, Student Appeals, Use of Copyright Materials, and Academic Accommodation policies. Policies directly applicable to students are referenced in the student handbook. The policies and procedures can be found on the College website: [Policies & procedures \(https://nscc.ca/policies/\)](https://nscc.ca/policies/)

If you have questions about policies and/or procedures, you are encouraged to ask Faculty, your Academic Chair or Staff at Student Services.

Workplan

A workplan for this course is attached and will be reviewed by your faculty member(s) within the first week of class study.
